	4 The reasons urged for the revision of the Establishment are:-
	(1) that the present scale was last fixed in 1897;
	(2) that the stock of Exhibits having increased, the work of arranging and labelling them with descriptions has correspondingly increased;
	(3) that the officials have no claims for transfer on promotion in other Depts;
	(4) that the Museum officials have to work from 7.30 AM to 5.30 P.M. daily, except on Sundays, and that they are denied all holidays;
	(5) that the conditions of living now are unfavorable and different from what they were 18 years ago when the scale of the Museum Estt was fixed;

5 The Superintendent also takes up the case of each of the officials of our museums, describes their work, compares their pay with that of others of corresponding status in India, and makes his recommendation in favor of each of them.

6 He also recommends increases of pay of the Daffedar, one peon, and the Sweeper.

8 But since then no doubt the Cost of living has gone up Very high, and on this ground Some Small increases may be given. Another ground that may be given Some Consideration is the fact that the

few years. It is not clear why men in the Museum if qualified for work in other Departments should not get a chance of transfer on promotion given to other depts and no increase so long as the sanctioned pay is sufficient to secure the services of the right kind of persons, it is not financially correct to raise the scale of pay simply to provide for promotion to men who may have been without promotion for a long time. In such cases it is to be generally assumed that if the person has the necessary qualifications and deserves promotion he can easily get a transfer to the Departments. In very special cases, where a person has special qualifications and has put in long services & cant get promotion Elsewhere Some small personal allowance may be sanctioned without increasing the scale of pay permanently.

No. 34 Mysore Government Museum,
Bangalore 16th August 1918

From,

C. H. Krumbiegel Esq., F.Z.S., M.S.,
Superintendent, Govt. Museum,
Bangalore.

To,

D. N. Narasinga Rao Esq., B.A., B.L.,
Offg. Secretary to the Government of His Highness The Maharaja of Mysore,
General Departments,
Bangalore.

Sir,

I have the honor to submit for the favourable consideration of Government certain proposals for an increase in the salaries of the officials of the Government Museum.

2. The present scale of establishment was fixed eighteen years ago - vide Government Proceedings No.2895-6/Mis.406 dated 27th August 1897. It consists of a superior establishment of 5 hands viz., a Curator, an Assistant Curator, a Clerk, a Taxidermist and a Fieldsman, and a menial establishment of 6 hands excluding a sweeper whose service is not pensionable. The scale provides for a cost of Rs.165/- per

(14

per mensem.

3. So far back as 1902, in his letter No.55 dated the 24th of October, my predecessor Mr. J. Cameron found it necessary to represent that the salaries provided for in the scale for superior establishment were too low. But Government were not pleased to sanction the enhanced pay recommended by him - vide Government Proceedings No.9343/G.F.392-92 dated 4th December 1902. It is now 12½ years since then. I shall not therefore be premature in submitting a similar recommendation now. There has been a real improvement in the work falling to the lot of the employees of the Museum both in quality and quantity. Owing to the general enlightenment of the people and the awakening of a spirit of inquiry among them and also to the spread of scientific knowledge among the intellectual classes, the Museum has been gaining popularity and attracting a larger number of visitors. To supply this legitimate demand on the part of the public, the stock of exhibits is being gradually increased and endeavours

(15

endeavours are being made to present them to the public in an intelligible order. The responsibilities of the few men who are entrusted with the custody and arrangement of the numerous exhibits, many of which are valuable specimens, and the provision of labels with short descriptions, are increasing. Of the several public institutions and offices of Government, the Museum is generally regarded with comparatively less importance and men who have served in it howsoever long and honest it may be, have no claim for promotion in other lines but to get into a dull routine owing to slow advancement. The Museum is open from 7-30 A.M. to 5-30 P.M. except on Sundays when it is closed. There is a proposal to keep the Museum open on Sundays too for the convenience of those business people for whom Sunday happens to be the only holiday. These long hours impose not a little strain on the staff who are besides denied the usual holidays which the members of the other establishments enjoy. Apart from these considerations the conditions of living in Bangalore are not quite as favourable now

(16

now especially for small officials and servants. The rise in prices is seriously draining the income and that by itself is an adequate reason for considering whether the scale which was adopted 18 years ago answers to the present altered conditions.

4. Curator. Besides being responsible for the work of the establishment, in helping me in correspondence and for attending to office routine generally, the Curator Mr. K. Anantaswami Row has been taking an intelligent care of the exhibits. trying to acquire a knowledge of their history and value as also the conditions under which they should be kept and in helping me to obtain fresh exhibits. He has been arranging the several exhibits on a systematic and scientfific lines and has compiled a descriptive and classified catalogue. The Darogas or Curators of some of the other Museums in India who correspond to our Curator get more liberal salaries than the latter. I beg to recommend that his pay may be raised to Rs.70/-.

(17)

5. Assistant Curator. The Assistant Curator has been satisfactorily looking after and helping the Curator in the work of the Museum. I beg to recommend that his pay may be increased to Rs.35/-.

6. Taxidermist. The present Taxidermist is a man who had special training in the Madras Museum and has been working here for the last 15 years. During all this time he has had no promotion except a small personal allowance of Rs.2/- per mensem sanctioned in Government Proceedings No.G.4892-4/G.M.19-07-37 dated 20th February 1908. I beg to recommend that his pay may be raised to Rs.30/-

7. Fieldsman. The Museums in other places offer high salaries and the Fieldsmen of the Agricultural Department of our State likewise get liberal remuneration. I beg to recommend that his pay may be raised to Rs.20/-

8. Clerk. The Clerk besides looking after correspondence, maintaining 'From' and 'To' registers and registers of exhibits &cc. he is in charge of the library also. His pay may be

(18

be raised to Rs.25/-

9. Menial Establishment. As regards the menial establishment, I have the honor to invite kind reference to my letter No.257 dated 1st April 1913 and to state that I have nothing to add to what I have already stated but to request Government for a reconsideration of their order No.G.340/C.M.85-12-17 dated 12th July 1913. The Museum has no Mutchi and the Duffedar has been doing the work of a Mutchi in addition to his legitimate work. I request that an increase of Rs.1/- recommended may be sanctioned. One of the peons has been drawing a pay of Rs.5/- from a very long time and I would urge for the consideration of Government the necessity of raising his pay to the minimum of Rs.6/- fixed for Head-quarter offices as with the rise in prices and other adverse conditions it is extremely difficult to procure man for Rs.5/- specially when there are other attractions like the Kannambadi and other projects and the construction of so many buildings in Bangalore itself. The small increment of one rupee recommended on behalf of the sweeper

(15

sweeper is also very necessary as her appointment is a nonpensionable one it is rather difficult to get a trustworthy servant.

10. In conclusion I beg to state that the revised scale of establishment proposed above would involve an expenditure of Rs.2,892/- per annum against Rs.2,220/- of the present scale. The additional expenditure would thus be Rs.672/- per annum. This, in my opinion, is fully justified and I beg that Government may be pleased to sanction the increases recommended at an early date.

I have the honor to be,
Sir,
Your most obedient servant,

Superintendent.

SIR,

I have the honor to return herewith, duly verified, the Proposition Statement relating to the revision of the establishment of the Government Museum which was forwarded with your letter No. G.2535/G.M.190-15-2 dated 26th August 1915.

The proposition is to raise the pay of the whole establishment except that of 4 peons on Rs.8/- each and results in an increase of Rs.58/- per mensem or Rs.696/- per annum to the permanent recurring expenditure of the State. The personal allowance of Rs.2/- now paid to the Taxidermist is not taken into account in calculating the increase caused by the proposition as it is not of a permanent nature.

The Superintendent has, apparently by oversight, omitted in one of the statements that the place of a clerk on Rs.20/- proposed to be raised to Rs.25/- under present and proposed scales.

No.85

GOVERNMENT MUSEUM,

Bangalore, 13th Nov. 1915.

Dear Sir Visvesvaraya,

Before leaving Bangalore I beg to commend for your sympathetic consideration my recommendations for increasing the salaries of the Museum Staff. In my letter No.34 dated 18th August 1915, I have endeavoured to show how inadequate the present salaries are to their work and responsibilities and I have proposed some small increments to their pay which I consider are not only very modest having regard to the nature of the work expected of them but highly deserved. It is my sincere hope that Government will not find any difficulty in sanctioning my proposals in their entirety.

Yours Sincerely

C. Srinivasa Iyengar

Sir M. Visvesvaraya K.C.I.E.,

The Superintendent,

To,

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Departments,
Bangalore.

Sir,

I have the honor to invite kind attention to your letter No.G.7508/G.M.190-15-4 dated 11th December 1915 intimating this office that the proposals regarding the revision of the scale of establishment of the Government Museum will be considered six months later. It is now six months since then and I therefore venture to urge again the claims of the establishment for a general increase in the scale of pay. I do not think it necessary for me to urge further and stronger reasons in favour of the proposals than what have already been put forward by Mr. Krumbiegel in his letter of the 19th August last.

2. I have been in charge of the Museum for these six months and have carefully watched the conditions under which the establishment has been working. I feel sure that Mr. Krumbiegel's proposals are not a bit too much and that the establishment fully deserve the increases recommended.

3. I have pleasure to bring to notice the case of the Curator Mr. K. Ananthaswami Row. He is a very active young man and has been taking great interest and initiative in his work. He has studied a good deal of literature bearing on Museums and has been instrumental in effecting some improvements. But the want of space and other considerations have

been

been standing much in his way of doing anything appreciable.

4. Under these circumstances, I strongly urge that Government may be pleased to view the proposals favourably and in their entirety and to sanction the same with effect from the beginning of the next official year.

I have the honor to be,
Sir,
Your most obedient servant,

Offg. Superintendent.
